

Mindark to Close Mexico Office

Gothenburg, Sweden – 2014-06-24

Mindark PE AB, developer and publisher of Entropia Universe, a real-money MMO game, closes its office with thirteen employees in Playa del Carmen, Mexico.

Mindark's new CEO, Klas Moreau:

"Today, most of our platform development takes place in Gothenburg, Sweden. Being at two sites is not cost-effective. We will now focus all development and customer support to Gothenburg."
