MINDARK ADDS STABLE ESTATES

New stables go on sale July 1st

Gothenburg, Sweden – June 30, 2014 /Entropia Universe/ – Entropia Universe AB, the largest Massively Multiplayer Online Real Cash Economy (or MMORCE) game, announced today that it has a limited number of Stable Estates which will be made available on the Entropia Universe auction. The new estate deeds allow players to form a brand new business managing and training pets.

These new estates will generate revenue through different channels for the stable managers by charging a small fee for services such as: selling, trading and specialized training of pets. Stables will also be the hub for future Pet Battle Arenas and Controlled Creature Battle Octagons where all pet and creature activities will be held. Stable managers can also earn PED by renting stalls to other avatars for their pets, and by providing specialized training only available at the stables. Stables provide housing and maintenance for stabled avatar pets, including food and energy. The better care provided by the stables will result in faster pet progress and better performance in competitions.

In addition, stable managers will have the ability to upgrade their stables with shopping booths, additional stalls, teleporters, terminals, visual additions and other unique features. The stables will be placed in strategic positions on all planets. These exciting and fun additions to Entropia Universe will be placed on the Planet Auctions starting on July 1, with starting bids of 20000

PED (\$2000.00). The stable estates will be implemented into Entropia Universe in Autumn 2014.

Stable Estates:

- Planet Calypso 6 stables
- Planet Arkadia 3 stables
- Rocktropia 2 stables
- Planet Cyrene 1 stable
- Planet Toulan 1 stable
- Next Island 1 stable

Entropia Universe is the largest Massively Multiplayer Online Real Cash Economy (MMORCE) game in the world. Players have no monthly costs, but deposit and withdraw real funds for their adventures on any planet in the Entropia Universe.
